SUMMARY

Ivan Van de Cloot studied economics at the University of Antwerp and was research assistant for two years in the domain of public finances. As a consultant he helped preparing the liberalisation of the gas and electricity market in Belgium. Afterwards he worked as an economist for the research department of ING/BBL for 6 years. On top of cyclical analysis he specialized in the analysis of the structural characteristics of the Belgian economy. Ivan wrote about pensions but also about the liberalisation of the railway traffic, de economic aspects of immigration, entrepreneurship and healthcare. As a commentator for financial and economic events, he often appears in the written and audio-visual media.
